Reasons for Allowance

1. The following is an examiner's statement of reasons for allowance:

With regard to claims 123 through 160, see the Office action mailed 30 April 2003.

With regard to claims 161 through 167 and 169 through 171, the Examiner has relied upon Applicant's response filed 22 June 2004 to define the scope of the claims. Specifically, as set forth on pages 2 through 3 of the Remarks, the claimed "elongate body" is considered to be limited to a hardened sheath material for protection of the cable from rodent attack. Additionally, the claimed "solid surface" is considered to be limited to asphalt, concrete, a paved surface of cement or suitable mixtures thereof, and stone slab. Furthermore, the recitation of a "laying channel" is considered to be limited to a cut in the solid surface set to the respective diameter of the "at least one optical waveguide." Therefore, in view of the aforementioned interpretations, the prior art of record fails to teach or adequately suggest the invention as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
